

Linguistics Master Organization Template

This template can help you organize your study course and keep an overview of your classes.

Good to know:

- One class usually corresponds to 2 SWS (2 hours per week, 90 minutes to be exact)
 - You can see in the [HISLSE](#) how many SWS one class has.
 - A class + the work put into it at home usually results in 3 CPs.
- For each module you only need one exam (AP)
 - If you have a module of two classes, you only need to take one exam in one of the two classes, it's your choice in which one.
 - In the module **Finalization**, the AP is simultaneously your thesis.
- APs are usually term papers or oral exams. You set a date (either for the oral exam or for the registration of the term paper) and topic with the lecturer and register as an "Individualprüfung".
- Each semester you register which class gets which BN in the [Studierendenportal](#).
 - Here is an [explanation](#) on how to do that
 - You have to do that before the lecture period ends!
 - If you need to change BNs from one module to another or you forgot to register them at all, you can use the [A-Tool](#) to request the BNs or the change afterwards.

1st YEAR

Exploration – Recommended 1st and 2nd semester, offered every semester

	Class title	BN	AP
Class 1 1101			
Class 2 1102			
Class 3 1103			

Skills (Scientific Reasoning) – Recommended 1st and 2nd semester, offered only winter semester

	Class title	BN	AP
Class 1 1201	Scientific Writing (practical course)		
Class 2 1202	Theoretical Reasoning (seminar)		

Case Studies – Recommended 1st and 2nd semester, offered only winter semester

Two seminars on empirical research from one of the core areas (phonology/phonetics, morphosyntax, semantics/pragmatics and psycho/neurolinguistics).

	Class title	BN	AP
Class 1 1301			
Class 2 1302			

Skills (Empirical Methods) – Recommended 1st and 2nd semester, offered only summer semester

	Class title	BN	AP
Class 1 1401	Empirical Methods (practical course)		
Class 2 1402	Empirical Studies (seminar)		

Linguistic Theories – Recommended 1st and 2nd semester, offered only summer semester

The two seminars in this module present current or fundamental debates in theoretical linguistics in one of the core areas (phonology/phonetics, morphosyntax, semantics/pragmatics and psycho/neurolinguistics).

	Class title	BN	AP
Class 1 1501			
Class 2 1502			

2nd YEAR

Specialization – Recommended 3rd semester, offered every semester The two seminars in this module each provide a loose topic related to the institute's current research.

	Class title	BN	AP
Class 1 2001			
Class 2 2002			

Professional Experience 1 (Research) – Recommended 3rd semester, offered every semester

	Class title	BN	AP
Class 1 4911	Research Practice (seminar)		

Professional Experience 2 (Teaching) – Recommended 3rd semester, offered every semester

	Class title	BN	AP
Class 1 4921	Teaching a BA Tutorial (team project)		
Class 2 4922	Supervision (seminar)		

Finalization – Recommended 3rd semester, offered every semester

	Class title	BN	Thesis
Class 1 5201	Colloquium		
Class 2 5202	Peer Review		
Class 3 5203	Linguistic Careers
